

## Hungate Garden Project

Lots of work on the garden over half term with significant progress made.

A great deal of the frame for the greenhouse has been constructed, ready for the plastic bottles.

A raised bed has been constructed in front of the rowan tree, which has tidied up the area by the greenhouse. This will be planted up with sensory and bee friendly plants in spring.

Two more raised beds were laid between the main path and the pond.

The donated pavers have been laid around the beds.

Paving slabs on two sides of the pond make a firm approach for planting and maintenance.

Unfortunately, we were unable to work on Sunday 4<sup>th</sup> November due to a change of lock on the gate. Our next working day will be Sunday 11<sup>th</sup> Nov.

If you can lend a hand, between 10am and 4pm, we would be very grateful for the help.
