

Hungate Garden Project

The fourth working day was sparsely attended, mainly due to clashes of events, but progress has been made. We now have one of the raised beds constructed and placed.

Reclaimed paving slabs have been laid by the side of the raised bed and also from the gate.

Our next working days will be Wednesday 29th August and Sunday 2nd September.

If you can lend a hand on either of those days, between 10am and 4pm, we would be very grateful for the help.
